WHITE CAPS BOARD ARE ALL RE-ELECTED

OPPOSITION TO CONTINUANCE OF FORMER MANAGEMENT FAILS TO GAIN CONTROL

The annual meeting of the White Caps Mining company was held yesterday, with the result that the old management was endorsed by the election of Hugh Brown, Arthur Raycraft, Eugene Howell, J. Wesley Stewart and Charles Wittenberg by a vote of 456,840 to 211,377 for the opposition out of a total issue of 770,000 shares.

The only question at issue was a tentative merger of the White Caps mine with the Associated mill and the election was an emphatic repudiation of the proposition.

TAKES UP LAND IN ESMERALDA UNDER CAREY ACT

ASSESSOR OF LYON COUNTY SEGREGATES 10,000 ACRES IN FISH LAKE

CARSON CITY, Feb. 4.—Charles I. Deady, surveyor general, has filed with the United States land office an application, made by H. S. Poe, assessor of Lyon county, Dick Randall, sheriff, and other associates, for the withdrawal of 10,320 acres of land, situated in Clayton valley, Esmeralda county, under the requirements of the Carey land act.

Clayton valley lies between Lida and Silver Peak and is east of the well-known Fishlake valley, and with water a plenty would be one of the most fertile spots in Nevada.

The parties who have made the present filing have complied with all law requirements and necessary monetary payments. They now have a year in which to make the necessary exploitations for water, etc., the results of which will be submitted to the authorities at the end of that period.

In the Fishlake valley a syndicate of Los Angeles people has recently withdrawn 36,000 acres, and is now doing the necessary work.

During January, 1890, the precipitation was 6.71. The nearest approach to this record of twenty-four years ago was in January, 1911, when the precipitation was measured as 5.23 inches.

AMUSEMENTS

BUTLER THEATER

This evening at the Butler theater the following interesting program will be shown: "A Message from Home," a Selig drama; "Why I Am Here," A Vitagraph comedy, featuring Sydney Drew, and a two-reel Lubin, "The Clod." A story that shows a new angle on the horror of war. A simple Mexican farmer, content in the prosperity and love about him, sees everything in his world snatched from him by the ravages of war. Dull at first, he fights blindly, impotently against it all—and is shot with a laugh. Tomorrow, Pathe weekly and "The Quality of Mercy," a two-reel Selig; Friday, "Why Girls Leave Home."

VISITING THE OIL FIELDS

G. S. Bosch, of the Security Dry Cleaning company, in the Richards building, will leave for the oil fields of Coalinga tomorrow morning to be absent about ten days. During his absence Mrs. Bosch will continue the store and take care of all business.

Schlitz in Brown Bottles does not have that disagreeable taste

so often found in beer in light bottles. We reprint below an extract from an opinion rendered by another famous scientist:

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid." (Lintner.)

Extract from *Die Malz und Bierbereitung*. Published by E. Leyer, Director of the Brewing Academy in Augsburg. Tenth Edition, Stuttgart, 1900, page 680.

This is one of the authorities quoted by Dr. Robert Wahl, President of the Wahl-Henius Institute of Fermentology, to corroborate his own opinion.

Schlitz is made pure and the Brown Bottle keeps it pure from the brewery to your glass.

See that crown or cork is branded "Schlitz."
